

Delphinium New Millennium  
'Black Eyed Angels'

Delphinium New Millennium  
'Moonlight Blues'

## DELPHINIUM

Jelitto Perennial Seeds has added two varieties to its  $F_1$  hybrid **New Millennium** series. '**Moonlight Blues**' has semi-double medium blue flowers with a blue and black striped bee. Plants reach 48 inches tall. '**Black Eyed Angels**' produces brilliant white semi-double flowers with a black bee. Plants reach 64 inches tall. Both varieties have palmate-shaped leaves, strong flower stems and bloom from June through September. They are hardy in Zones 3-8 and are tolerant of heat and humidity.

## DIANTHUS

PlantHaven has added several new varieties. The **Devon Cottage** series adds two varieties. **Bright Eyes** ('**Amethyst**') is a repeat bloomer that produces glaucous, blue green foliage fragrant large double crisp white flowers with a bright burgundy eye on sturdy stems. It has a compact mounding habit reaching 14-18 inches tall by 10-14 inches wide. '**Waterloo Sunset**', also a repeat bloomer, produces masses of fragrant double blooms carried on sturdy stems with glaucous, blue green foliage. It has a compact mounding habit, reaching 12 inches tall and wide. Both varieties require no vernalization for blooming and are hardy to Zone 5.

Four varieties have been added to the **Scent First** series. All

four require no vernalization, are repeat bloomers and are hardy to Zone 5. **Romance** produces spicy fragrant, salmon-pink double flowers with a carmine eye, carried on sturdy stems. This compact mounding plant grows 9 inches tall and wide. **Sugar Plum** has a compact mounding habit growing 10 inches tall and wide. It produces spicy fragrant double flowers with wavy petals of maroon edged in pink-white. **Passion** has spicy fragrant velvety red double blooms carried on sturdy stems. It has a compact mounding habit growing 11 inches tall and wide. **Candy Floss** ('**Devon Flavia**') produces spicy fragrant sugar pink double flowers with a subtle rose pink eye carried on sturdy stems. It has a compact mounding habit growing 11 inches tall and wide.

Dianthus Sugar Plum
